

TABLE OF CONTENTS

A

Allergic conjunctivitis: 301.
 Allergic rhinitis: 238.
Alternaria: 71.
 Aluminium allergy: 74.
Ambrosia: 311.
 Analgesic induced asthma: 229.
 Analgesic intolerance: 229, 319.
 Anaphylaxis: 243, 332.
 Anestésicos generales: 24.
Anisakis simplex: 21, 67.
 Antieucotrienos: 136.
 Antigens characterization: 261.
 Antigen-specific IgE: 21.
 Antihistamínicos: 143, 272.
 Anti-streptolysin-O
 Asma bronquial: 225.
 Asma infantil: 49.
 Asma: 90, 110, 116, 120, 125, 136, 143, 158, 164, 169, 176, 309.
 Aspirin-induced asthma: 334.
 Asthma in children: 12, 15, 285, 290, 307.
 Asthma: 63, 201, 255, 278, 307.
 Atopic dermatitis: 54.
 Autocuidados en asma: 152.
 Autoimmunity: 323.
 Autoinmunidad: 107.

B

Blomia tropicalis: 225.
 Bronchial hyperreactivity: 5.
 Bronchial provocation test: 213.
 Broncoespasmo: 49.

C

Calcitonin: 243.
 Calidad de vida: 163, 175.
 Carbon monoxide: 255.
 Carboxymethylcellulose: 332.
 Celiac disease: 323.
 Children: 207, 213, 255, 278, 307.
 Citocinas: 107, 116.
 Codeine: 319.
 Common variable immunodeficiency: 18, 323.
 Conjunctival immunotherapy: 301.
 Conjunctival provocation test: 301.
 Contact dermatitis: 74.
 Control ambiental: 158.
 Corticosteroids: 255, 278.
 Cross reactivity: 67, 261.

D

Defective phagocytosis: 328.
Dermatophagoides pteronyssinus: 213, 301.

Developing countries: 285.
 Diabetes mellitus: 323.

E

Enfermedad inflamatoria crónica: 119.
 Eosinophilic cationic protein: 119, 278.
 Eosinophilic gastritis: 21.
 Epidemiología del asma: 152.
 Epidemiology: 207.
 Exhaled nitric oxide: 43.
 Exercise-induced bronchospasm: 5.

F

Factor de necrosis tumoral: 115.
 Food allergy: 287.
 Fungi: 261.
 Furunculosis: 328.
Fusarium solani: 261.

G

Gammaglobulina: 107.
 Gastric Anisakiasis: 67.
 Grass allergy: 238.

H

Headache: 15.
 Hereditary angioedema: 267.
 Histamine release test: 21.
 Hypersensitivity: 243.
 Hypogammaglobulinemia: 323.

I

IgA deficiency: 18.
 IgG2 and IgG4 subclass deficiency: 18.
 Immunotherapy: 213, 295, 301.
 Immunodeficiency: 18, 320, 325.
 Immunology: 249.
 Inflamación: 116, 119, 120, 125.
 Inhaled corticosteroid: 278.
 Immunodeficiencias primarias: 107.
 Inmunomodulación: 102.
 Inmunoterapia: patología no alérgica: 107.
 Inmunoterapia sublingual: 93.
 Inmunoterapia: 49, 82, 89, 93.
 Investigación intercultural: 169.
 ISAAC: 207.

L

Látex: 24.
 Local nasal immunotherapy: 238.

M

Meloxicam: 319.
Migraine: 15.
Mold allergy: 71.
Moléculas de adhesión: 110.
Montelukast: 136.

N

Neumoalergenos: 158.
Neutrophilo: 325.
Nimesulide: 319.
Niño asmático, monográfico: 1.

O

Obese children: 1, 5.
Oleacea family: 63.
Onion allergy: 287.
Óxido nítrico exhalado: 46, 124.

P

Paracetamole: 319.
Parenteral atopy: 15.
Passive smoking: 255.
Physiotherapy: 201, 290.
Pneumothorax: 290.
Poaceae: 63.
Pollens: 63.
Polyclonal stimulation: 67.
Preventive treatment surgery: 267.
Prick test: 21.
Programas de salud: 152.
Psychotherapy: 201.
Pulmonary rehabilitation: 12.

R

Reacciones alérgicas: 24.
Reacciones pseudoalérgicas: 24.
REAST: 287.
Rhinitis: 63, 207.
Rinitis: 125.
Risk factors: 229.
Rofecoxib: 319.
Rush immunotherapy: 213.

S

School: 219.
Servicio de urgencias: 49.
Skin prick test: 71, 243, 311.
Specific IgE: 67.
Specific nasal challenge: 311.
Standardization: 261.
Staphylococcus aureus: 328.
Status asthmaticus: 290.
Subjective assessment: 311.
Sublingual immunotherapy: 311.
Sublingual specific immunotherapy: 54.

T

Teachers: 219.
Therapy monitorization: 278.
TNF- α : 116.
Tobacco: 219.
Total IgE: 67.
Trasplante de progenitor hematopoyético: 107.
Triamcinolone acetonide: 332.

U

Unidades de Inmunología, Alergia: 79.
