

DECLARATION OF CONFLICT OF INTEREST

Journal ENFERMEDADES INFECCIOSAS Y MICROBIOLOGÍA CLÍNICA
Supplement "Pharmacogenetics in HIV infection" Volume 26, Supplement 6, May 2008

Pharmacogenetics of antiretroviral therapy 2008: toward personalized treatment?

Francesc Vidal Marsal
Enferm Infecc Microbiol Clin.
2008;26 Supl 6:1-3

Conflict of interest: the author declares he has no conflict of interest.

General concepts and study methods in pharmacogenetics

Rubin Lubomirov, Amalio Telenti and Margalida Rotger
Enferm Infecc Microbiol Clin.
2008;26 Supl 6:4-9

Conflict of interest: the authors declare they have no conflict of interest.

The pharmacogenetics of response to antiretroviral therapy

Sonia Rodríguez-Nóvoa and Vicente Soriano Vázquez
Enferm Infecc Microbiol Clin.
2008;26 Supl 6:10-7

Conflict of interest: the authors declare they have no conflict of interest.

Toxicogenetics of antiretroviral treatment (I):

Lipodystrophy, metabolic perturbations and atherosclerosis

M. del Mar Gutiérrez Maciá, M. Gracia Mateo García, Francesc Vidal Marsal and Pere Domingo Pedrol
Enferm Infecc Microbiol Clin.
2008;26 Supl 6:18-23

Conflict of interest: the authors declare they have no conflict of interest.

Toxicogenetics of antiretroviral treatment (II):

Neurotoxicity, hepatotoxicity, lactic acidosis, kidney damage, and other adverse effects of antiretroviral drugs

Victoria Sánchez Hellín and Félix Gutiérrez Rodero
Enferm Infecc Microbiol Clin.
2008;26 Supl 6:24-33

Conflict of interest: the authors declare they have no conflict of interest.

HLA-B*5701 and hypersensitivity reactions to abacavir. Study methods and clinical relevance

Mireia Arnedo Valero
Enferm Infecc Microbiol Clin.
2008;26 Supl 6:34-9

Conflict of interest: the author declares she has no conflict of interest.

Prospective validation of a pharmacogenetic test: the PREDICT-1 study

Rosa M. Muñoz de Benito and José Ramón Arribas López
Enferm Infecc Microbiol Clin.
2008;26 Supl 6:40-4

Conflict of interest: Rosa M. Muñoz de Benito declares she has no conflict of interest.

José Ramón Arribas López has declared he received payment as consultant, researcher and lecturer for GSK.

Applicability of pharmacogenetics studies in daily clinical practice

José Antonio Iribarren Loyarte
Enferm Infecc Microbiol Clin.
2008;26 Supl 6:45-54

Conflict of interest: the author declares he has no conflict of interest.
